Aspermont Man Crashes To Death Beneath A Katy Train, and Burns

About 2:30 Sunday morning the quietude of the hour was broken by shrieks of the fire siren. Little did the sleepy people of Hamlin realize that tragedy had happened at the Katy depot. Only the train men, and a very few others besides the fire boys really knew what a terrible crash had happened and that a young husband and father was caught beneath a box car and a smashed auto and was burning to a crisp.

The man was W. B. Gist, a painter and paper hanger of Aspermont, who had been working in Abilene and because his wife and two sons had missed the bus or because the bus did not run, Gist was going at the late hour to Aspermont to get his family for a trip. He was evidently speeding rapidly on Highway No. 4 in north Hamlin as he came upon the Katy freight train that had stopped for water at the station, while headed east.

The man dashed his car head into the train, the top of the car was sheared off as the car jammed beneath the train and burst into flames. Conductor W. K. Neal is said to have been an eye witness to the tragedy. Perhaps the impact caused instant death and the poor fellow never felt the burning flames that soon engulfed him and the car, and spread to the wood work of the train.

In an effort to stop the fire, the trainmen moved the train up a short ways to bring the burning car beneath the water tank spout. This was a short slow drag of the car but was the only thing that could be done while the fire trucks were getting on the scene. All the water was used to no avail. When the fire boys arrived they were horrified to see within the red hot auto the form of a man. It was with difficulty that the body was pulled out. It had crumpled in stiff position over what was once the steering wheel. A chemical hose was finally used to stop the flames.

The trainmen called an ambulance and the burned body was taken away. The clothing was all burned away except a small part. Identification was difficult, but by means of phoning to Aspermont for the car number registration, it was learned that it was W. B. Gist.

The conductor said that the car never slacked its speed, and no one can ever know what caused the driver not to stop.

The opinion of many is that when a train is stopped on a crossing, usually the rails are a little above the highway level, which permits the car lights to pass under the train and not against it. Then there is a dark spot just above the car light beams that levels with the train body, and sometimes the color of the train blends with the auto light shades and the yellow ground.

This is the second crash at this crossing, and the third or fourth one to happen on the railroads through Hamlin. All rail crossings cannot be eliminated but where there are many now there will likely be fewer in the years to come, or complete safety stops in case a train is stopped on a crossing.

NINE HAMLIN BOYS OFF FOR TRAINING AT FT. SILL

Saturday afternoon it looked almost like war time to see 9 of Hamlin's young men lined up and trailing off to the military camp at Ft. Sill, Oklahoma. They will take a month's training in the methods of fighting, and protecting themselves while there.

In the number were: Edwin Tims, Raymond Elkins, James Steed, Durwood Locke, John Thomas Durham, and John Max Taylor, all taking their second year of training. The first year boys were Geo. Dean, Frank Hillier and Raymond Garrett. Yep, the Herald will go up to cheer the kiddoes up at the end of each week.

Mrs. N. M. Acuff and grand-daughter, Miss Anna Sue Lasseter, are in Fort Worth for the summer with Mrs. Acuff's children.

HAMLIN TO PARADE AT ANSON, JULY 15

The ladies of Hamlin sponsoring Hamlin's part in Anson's Folk Festival which starts on Thursday night of July 14, request Hamlin people to make their plans to be in Anson before 6 P. M. on Friday, July 15, to either take part in the parade or witness the parade in which Hamlin will have a big part. They report that there will be six decorated floats and a number of decorated private cars or cars representing the various Hamlin clubs. Yes, Friday, July 15, the parade and the crowning of the Queen of the county, who this year is Miss Geneva Albritton.

HAMLIN PEOPLE CALLED TO CLOVIS BY DEATH

Monday a message came that Mr. Goedeke, a brother-in-law of the Greenways, had passed away. Those going from Hamlin were Mr. and Mrs. Carl Greenway and son, Lee, W. W. Greenway and Miss Lennie Greenway.

Mr. Goedeke was a native of Prussia and married Miss Sarah Elizabeth Greenway in Abilene in 1890, and moved to the Pecos-Monahans country. He was a pioneer cowman. A typical crowd of cowmen and a great number attended the funeral in Clovis Monday.

The Greenway family expresses their appreciation to their Hamlin friends for the messages and flowers sent to the family at Clovis.

MISS ODESSA JONES AND MR. JAY FITZGERALD MARRIED TUESDAY

A wedding that came as a big surprise to many Hamlin people took place Tuesday morning, July 5, when Miss Odessa Jones became the bride of Mr. Jay Fitzgerald. The ceremony was read by Rev. H. W. Hanks, pastor of the First Methodist Church of Hamlin, at his home on Union Avenue. The couple left immediately for a wedding trip to Galveston and other points in South Texas.

Mrs. Fitzgerald is the daughter of Mr. and Mrs. M. S. Jones who live in the Neinda community. She is a graduate of the Sellers Beauty School in Fort Worth and for the past four years she has been employed in the Wienke Beauty Salon in Hamlin.

Mr. Fitzgerald formerly lived in Sweetwater, but came to this city a few months ago to accept a position as cashier at the Hamlin Cotton Oil Mill where he is now employed. He and his wife will make their home in Hamlin.

Mr. Claude H. Ellis, of Leila Lake, Texas, arrived Sunday for a visit with his friend, Dan W. Stephens. Mr. Ellis, along with Dan Stephens, came to this country in 1879. They attended the Texas Cowboy Reunion. Both are members of that association.

Mr. and Mrs. Norman F. Anderson and Mrs. Dan W. Stephens left Sunday on a 15-day trip. Mrs. Stephens will visit friends and relatives in Honey Grove, Paris and Texarkana, and Mr. and Mrs. Anderson will go from there to Hot Springs and Little Rock and will return by way of Houston where they will spend the final days of their vacation.

Mrs. G. E. Cowan and daughter, Miss Jesse Cowan, of Mt. Vernon and Mrs. A. B. Sparks, of Wichita Falls, came to spend the past week end and holiday with Mrs. L. L. Cowan and son, Leslie Jr. The young son accompanied his grandmother back to Mt. Vernon for a visit.

Behavior is a mirror in which everyone shows his image.—Goethe.

Our Neighbors and Their Entertainment

The Herald is always glad to give due publicity to our neighboring towns' big days. Then we are glad to be their guests at their functions.

This week we had the pleasure of attending Haskell's races, and that good little city will not be hurt by our comments on their show and some of its features. Everything we may say is aimed to be constructive criticism. It was our first auto race to ever see. We found several things about Haskell that we had not seen before. For example their new court house. It is beautiful and add much to their city appearance. Another thing we saw that looked good and cool, was their swimming pool. From observations, it would appear that local people do not patronize their swimming pools as we people here in Hamlin think WE would, if we had one . . . perhaps they get accustomed to it and the water does not attract when it is close by. But a swimming pool is very desirable.

Now about the races. A great crowd was present. Folks were in the trees and on house tops outside the track. The track was dusty, especially on the end turns, and the racers could not see a foot ahead. Our observation is that a man can not find any more hazardous thing to do than auto race, even on a dustless track. We observed the fellow in car No. 10 Sunday afternoon who won the races, but Monday he LOST when his car went through the fence and a plank pierced his body. It was a dear race. Our opinion is that auto racing is too dangerous to be patronized. It is the gate money that pays for the winner, and therefore we conclude that patronage contributes to death. Haskell is a good town and could find a better foundation for entertaining than racing.

OUR OBSERVATIONS ON STAMFORD'S COWBOY REUNION

Stamford has an attraction that will continue to "pull" folks. All rodeos are about the same however. A bucking horse is about the same everywhere. A wild calf or cow is universal, and the Brahmas are quite common, and as dangerous as ever, provided one manages to fall off.

If there were no spills there would be no fun. Now just why is it that folks like to see their fellow man endanger his life?

Stamford has made many appreciated improvements in the last year or two. Our suggestion would be that they do away with the blistering bleachers entirely and let all comers have the best seat available at a regular admission price. It was terrible to see 6,000 people roast in that sunshine over there Monday afternoon.

The Cowboy Reunion Company can well afford to build shaded seats for the ever increasing thousands who attend the big round-up ever year.

Another thing, wonder if they are not letting the boys get too much for common bottle drinks? Ten cents is double the ordinary sale price, and the cost of handing it out should not be above the ordinary. Haskell Races only allowed 5 cent drinks.

Another thing Stamford, you know it is a long ways for folks to walk through the dust and heat after they park their cars up near the highways. What about some "pedestrian avenues" where ladies and some gentlemen with fine shoes and dainty stockings can walk in comfort, free from being bumped into by autos or getting drowned by dust? A few small fountains could be installed.

Another thing, notice the dance pavilion is too crowded and too hot. What about using some of that "surplus" in arranging a real place of pleasure while the youngsters spend their cash? A few fans scattered about or a series of air-conditioning units would help do the trick.

The Cowboy Reunion parking facilities need improvements too. Why not have a circle drive about the entire grounds, to eliminate everybody coming in and squeezing out the same opening.

This year has demonstrated that Stamford can have a still bigger show, and more varied for entertainment and that a lot of things are needed to make it a place of comfort, and safety. Again let ask pardon for giving our impressions on Haskell and Stamford. Friendly suggestions can harm no one.

Revival At Nazarene Church to Close Sun. Night

According to Rev. W. F. Rutherford, pastor of the Church of the Nazarene, the revival being conducted by Rev. and Mrs. C. W. Burpo, of Guthrie, Okla. is being well attended and the results are good.

REV. C. W. BURPO

Friday night Rev. Burpo is to speak on the subject, "Is Jesus Coming Back to Earth Soon?" Saturday night, "The Rapture of the Church and the Tribulation Period." Sunday morning, "The Passing of the Wicked."

At the Sunday School hour, 9:45 A. M. they are expecting 300 in attendance. The evangelist is to show from the platform something the world has never seen before and will never see again. He states that the children should see this espe-

cially. The public is invited to attend the closing nights of this good revival.

MASONIC MEMORIAL ADDRESS AT ANSON

Anson Lodge No. 575 will hold a Memorial service to Dr. Anson Jones, First Grand Master of the Grand Lodge of Texas, at Anson Thursday night, July 14 at 8:30.

Hon. Jewel Lightfoot, Past Grand Master, will deliver the address.

All Masons are invited to attend this fine service—tell the boys. W. E. BENSON, Secretary.

R. M. Fletcher, of Memphis, a former Hamlin man, came down Wednesday to visit his son Aubrey. He is a jolly good old scout and has gained about 30 pounds on the Memphis water. He says it drinks mighty good.

Information about the condition of Mrs. A. E. Pardue, who is in a hospital in Temple, is that she is improving nicely and will likely be able to return home by July 15. This will be received gladly by her host of friends in Hamlin and vicinity.

Mr. and Mrs. Richard Hinkle and little son Harry Bowen, came over from Monahans to spend the Fourth. Mr. Hinkle returned Tuesday leaving Mrs. Hinkle and son to visit a month with her parents, Mr. and Mrs. Bowen Pope.

Anson Expecting Big Folk Festival Next Week

Anson's third annual Folk Festival will be the largest and entertainment will be the most varied of any of the previous ones.

Included among entertainment features will be an old time cowboy pageant on the Chittenden ranch at 8:30 P. M. Thursday night, July 14, followed by fireworks. This pageant will depict cowboy life on the open range, covered wagon train and life on the McKensie trail, a tableaux of "Dixie Ladies," dramatization of the round-up and cattle drives, and "Home on the Range," as well as an Indian-Cowboy battle featuring real Indians. A band will furnish music.

On Friday, July 15 at 6 P. M. there will be an old time street parade with many floats already entered, from different towns, as well as local floats. This will be followed by the crowning of Miss Geneva Albritton the Jones County Queen on the courthouse square and an old-time Fiesta on the new high school stadium grounds.

MISS ALBRITTON

Miss Albritton is a graduate of the Hamlin High School and received her A. B. degree from Baylor University in 1937 where she was a member of Sigma Delta Pi.

She is of a pioneer family in the Hamlin community.

The Queen of the county will be on the Queen's float during the street parade on Friday afternoon, July 15, accompanied by members of her court. She will be crowned immediately after the parade on the courthouse square.

On Saturday the town will be in Pioneer spirit with covered wagons driving around the street and strolling musicians, daytime fireworks at 4 P. M. and a colored folk song festival.

Other events included in the Festival are a pioneer day in which the pioneers of the county will be entertained with a free lunch and a street dance on one night.

Our greatest glory is not in never falling, but in rising everytime we fall.—Confucius.

THE FRENCH TAKE

A CHINESE ISLAND

That is a bright idea. Why did not some other nation like British or the United States or Russia think of that and take a bite or two while Japan gobbles up the area. Why not take a hand full and stop the Japs dead still. China would not object. It would stop the Japs, and the Japs will have to be stopped some day. Why not all do like France did? Every decent nation ought to take over a hunk of China and tell the Japs to stay put and let the Chinese fight the battle.

HOW HAMLIN PEOPLE
SPENT THE FOURTH

Draw on your own imagination for the heading answer. "How did Hamlin people spend the Fourth." Some people will say Hamlin people let 'er go dead on that great national holiday. But maybe that was just about as valuable as trying to tear your shirt, getting all "het up" over a hot celebration. Maybe we are not so bad off, maybe Hamlin did miss a lot of publicity, maybe we too needed a hot time.

Anyway, so far no one living here was killed as far as reports have

gone, no one was injured "much" here on the actual 4th, so far as is known. But a lot of Hamlin folks went places. Some took a quiet shady cool seat on some rock by a body of water and meditated while they waited. Some went to the auto races at Haskell, some took in every minute of the big Cowboy Reunion at Stamford, night and day, and some all night, and did not get down to work until nearly 10 A. M. Tuesday. Some entertained friends and relatives and played safe. It was just a rest day for some in every sense. The 1938 4th is gone, and where an established habit of celebration is the vogue, already a new day is being planned. It is all just a passing in a life time. The chief thing about the shows about over the country . . . people just like to go places, drink red lemonade, see men and women take risks for a bit of money just be going and seeing. . . This is truly a land of liberty.

IT WILL GET HOTTER

Papers are beginning to get "hot stuff" from the candidates for governor this week. The custom is to attack the supposed leading candidates. The first long article coming to the attention of the Herald is an attack on a certain man from

Dallas, saying that the fellow is a Republican at heart or at least from a Republican family, while to the west of Dallas the same letter says that many Texas people are listening to a "Carpet-bagger" from Ohio. So already things are getting hot down in Texas. People like a fight. They like mud and that is why so many mistakes are made in government. Voters have a chance to hear and should think things out for themselves. If two and two does not make four better let such addition alone. The best government is that one backed up by thinkers and freedom of expression. Glamor and baseless promises only lead to disappointment, provided we do not forget in a few months what things lead us to vote so and so.

AN ENDORSEMENT OF VALUE

An endorsement of a candidate for a State office usually carries little force unless the endorser is a man of honesty and character, and it is known he is not merely "playing politics." Personally, we have as much faith in the judgment of Judge W. R. Ely as to a man's qualifications for railroad commissioner as we have in any man's in the State. It will be recalled that Judge Ely served a number of years as chairman of the State Highway Commission, and made a most enviable record in that position. John Wood served at the same time on the commission. John Wood is now a candidate for railroad commissioner; and he has the endorsement of Judge Ely.

Wood has proven his ability and his honesty by years of service as highway commissioner. No man questions his ability to fill the new place he seeks. The voters who know anything of conditions in Texas in the last few years will not question the statement that we need a change in the Railroad Commission's personnel. There has been too much dissatisfaction with many things that have been done, or failure to do things that were needed to be done. But regardless of what may or may not be the worth of the present railroad commissioners, the people need to select the best material available for that important position. That John Wood is eminently well qualified and worthy is the testimony of those who know him best. Judge Ely's endorsement is one of the many given by able men in Texas.—Bonham Favorite.

JOHN WOOD
of Timpson

Two developments last week greatly strengthened the position of John Wood, candidate for Railroad Commissioner, in the opinion of local political experts.

First development was the withdrawal of W. Gregory Hatcher, Dallas candidate, who announced that he will support Mr. Wood. This was followed almost immediately by a statement from Senator Will Martin of Hillsboro, an early candidate, that he is supporting John Wood and expects to take the stump for him. An early endorsement of the Timpson man by George B. Terrell of Alto, long an important figure in Texas politics, and by Judge W. R. Ely of Abilene, who served with him on the highway commission, gives Mr. Wood strong support that is representative of all sections of Texas and all schools of political thought.

In his withdrawal statement Mr. Hatcher said, "I believe John Wood is honest and capable and that his election would be for the best interest of the people of this state." Mr. Hatcher served as state treasurer for a number of years and has a strong following all over the State.

Senator Martin, in his statement said, "During the time I was canvassing in my own behalf I never found anyone who had ever had any business dealings with John Wood at all who was not supporting him, and that, together with the fact that his former associates on the Highway Commission are strong for him commends Mr. Wood to the public as an outstanding citizen."

FOR AS LITTLE AS \$7

FIRESTONE cuts the cost of Tire Safety just at the time when you need a new set of tires. At this time of the year you should replace tires that are worn and smooth for greatest safety during the summer driving season. Tires may look alike on the outside—but inside they are different. The name FIRESTONE on a tire is your assurance of extra safety and long mileage because only Firestone Tires are built with these patented and exclusive construction features:

Gum Dipping, the Firestone patented process by which every fiber of every cord in every ply is saturated with liquid rubber, counteracts tire-destroying internal friction and heat which ordinarily cause blowouts. Nine extra pounds of rubber are added to every 100 pounds of cord.

Two Extra Layers of Gum-Dipped cords under the tread, another patented Firestone construction feature, protect against punctures.

Scientifically - Designed Non-Skid Tread made of tough slow-wearing rubber, assures safer stops and longer non-skid mileage.

Now that Firestone gives you all of these safety and economy features at these low prices, you cannot afford to take chances with unsafe tires this summer. Come in today and join the Firestone Save-A-Life Campaign by equipping your car with a set of new Firestone Convoy Tires—the safest tires that money can buy at these low prices.

IN MEMORY OF MRS

ELIZA ANN BLACKWELL

Mrs. Eliza Ann Blackwell was born in Georgia, June 25, 1866. At the time of her death she was 72 years and two days of age. Mrs. Blackwell was married at the age of 16 to J. W. Blackwell on Feb. 9, 1882. To this union were born 15 children, eight of whom are living: Marion Blackwell, of San Benito; Earl Blackwell, of Sinton; Max Blackwell, of Sweetwater; Tom and Bill Blackwell, of Odessa; Roy and Virgil Blackwell, of Hamlin, and Earl Blackwell, of Jal, New Mexico.

Mrs. Blackwell had been in bad health for two years, eight months of which time she was bedfast. She had been in the home of a son, Roy Blackwell, during most of her illness. Her husband, J. W. Blackwell, died July 20, 1933, at the age of 76 years.

The family came to Texas 46 years ago and settled in McLennan County and then moved to Jones County. Mrs. Blackwell was a member of the Baptist Church and it was at this church that the funeral services were held last Tuesday, conducted by the pastor, Rev. J. Henry Littleton.

All who knew Mrs. Blackwell loved her and will miss her, but God in Heaven needed another angel and He picked her loving face from the many of whom He knew on earth.

May she rest in peace and meet her children in Heaven some day.

The pallbearers were John Beauchamp, Donald Potts, Leon McDonald, H. B. Propst, T. M. Jones, J. R. Riddles. Flower girls were Mrs. Leon McDonald, Mrs. Paul Goodgame and Miss Ada Pettit.

The body was placed to rest in East Cemetery by the Barrow Funeral Home.

Mr. and Mrs. Bonnie L. Green, of Henderson, returned to their home Tuesday after a visit with their parents, Mr. and Mrs. Z. Massey and Mr. and Mrs. Green of Dovie community.

LOCAL NEWS FROM FAR AND NEAR

(By TRESSIE BROWN)

Farmers in our community are very busy working their crops in order to "catch up" so they may take vacations.

Miss Nadine Bingham spent Sunday night with Grace Johnson.

Misses Lou and La Verne Brown of Hamlin, and Miss Eunice Brown, of Rotan, spent Sunday with their friends, Misses Evelyn, Elaine and Zulime Moss, of McCaulley. Sunday morning they attended Sunday school and church at McCaulley. Sunday afternoon they attended a singing at Sylvester.

Miss Geneva Jo Maberry, of McCaulley, who is attending college at Denton, is home for the 4th and a short vacation. She reports it's a mighty "fine place."

Mr. and Mrs. Arthur Bingham and family of Roscoe, spent Sunday with Mrs. Agnes Bingham and family near Neinda.

The well known trio, the Moss Sisters, of McCaulley, sing over KRBC, Abilene, Monday and Saturday afternoon at 4:00 o'clock. If you came to listen, tune in at that time.

Mrs. Cecil King of Laredo, came up Monday to spend the week here with her husband's parents, Mr. and Mrs. Sam King and other relatives. She will be accompanied home Friday by her son, Jimmie, who has been here for five weeks. Mrs. King is with a department store in Laredo and saleslady in the ready-to-wear section.

It is not enough to have great qualities, one must make good use of them.—La Rocheforecauld.

ABILENE ROTARIANS

ATE WITH HAMLIN CLUB

Wednesday Abilene was well represented by the Rotary Club of that city. There were seven fellows who came over to keep up their attendance record and that of the Club. In the group were Dr. Tom Brabham, W. E. Jarrett, Dewey Mayhew, Wit Witbeck, Matt Willingham, Tom Barton and Guy Gillespie.

Miss Mildred Holt and a friend Vinnie Hezier, of Merkel, both students in the Canyon Summer School, came down for their Fourth at Hamlin. Miss Holt is a teacher at Patton Spring School in Dickens County.

Miss Dorothy Almon, of Sugarland, Texas, is a guest of Miss Bernice Fahey this week. She was a schoolmate of Miss Fahey.

HAMIN BOYS MEET ON BATTLE SHIP

Seattle, Wash., June 29, 1938. Mr. Bowen Pope, Editor Hamlin Herald.

Have been missing the Herald for the last few weeks as I moved and forgot to let you know my change of address, and when I say "missing" I really mean it.

I haven't the slightest idea as to when my subscription time is up so kindly drop me a card at your own convenience and let me know when you will want another dollar.

How is the old home town? I imagine that it is pretty warm there in contrast to the weather we are having here right now. Maybe you think I wouldn't like a little of that good old "Texas Sunshine!"

This is "Fleet Week" here and there are about twenty of the navy battleships and destroyers in the harbor. Went out to the U. S. S. Maryland yesterday and saw a very dear friend of mine from Hamlin, in fact I think he's a pretty good friend of yours—Farrow Burns. He looks swell and seems to be having the time of his life, and maybe you think we two aren't going to celebrate this week.

Farrow took me all over the ship and showed me all the sights, and it was really very interesting. I'm quite convinced that "Uncle Sam" is very thoroughly equipped and ready to defend the West coast in the event that we have to do so.

After a fellow has been away from "home" for three years it sure does make him feel good to see someone that he grew up with, and to hear that good old "Southwestern drawl" once again is really something!

Drop me a line anytime as I would surely appreciate hearing from you. In case you see Farrow's dad, Mr. Burns, be sure and give him my regards and wish him well.

Your sincere friend,
J. V. JOHNSTON,

P. O. Box 186, Seattle, Wash.

NOTE: The Herald is glad to hear from this Hamlin boy. He is a grandson of Mrs. J. V. Millsap of Hamlin.

HERE FROM CALIFORNIA

W. C. Russell and wife and Gerald Morgan and wife left Tuesday for a vacation on the Pacific coast. They will take in several states before returning toward the last of the month. Teddie Russell accompanied them as far as Ruidoso, New Mexico.

Hugh Farrow and family, of Wichita, Kan. spent last week here as guests of Mr. and Mrs. Tom Farrow and other relatives. They were accompanied by Earl Brown and family of the same place, to visit relatives in the Hamlin section. They gathered kinfolks and a few friends for a picnic on the Lake Saturday night.

Mr. and Mrs. W. W. Faulkenberry of Blythe, California, came over last Sunday to see their daughter, Mrs. L. T. Harris, in Abilene, and J. O. Faulkenberry, their father, at McCaulley. These folks have been in California nearly two years after living at McCaulley for 21 years.

Mr. and Mrs. Faulkenberry will not return to California until about Sept. 1. L. R. Faulkenberry, south of Hamlin, is a brother and he will help entertain these California folks too.

McCAULEY MATTERS

By JOHN P. HARDESTY

The following officers for the McCauley Masonic lodge were installed last Thursday evening for the ensuing masonic year: Thomas Moss, worshipful master; W. E. Eidson, senior warden; H. E. Black, junior warden; F. L. Rector, senior deacon; Judge L. Crow, junior deacon; Eric Grow, tiler; D. L. Smith, treasurer; Melvin Hunter, secretary; Rev. J. R. Bateman, chaplain; J. A. Jackson, senior steward, and W. A. Hemphill, junior steward.

Mr. and Mrs. Eugene McCloud and Mr. and Mrs. Wesley Akins visited their parents, Mr. and Mrs. M. L. Akins, Saturday. Nola Akins has returned from a visit with friends at Snyder.

Kenna Rector, attending Hardin-Simmons University, visited home folks during the holidays.

Ora Stephenson visited with friends at Sweetwater over the week end.

James Fancher, who is in the U. S. navy, stationed in California, is a visitor with his parents and other relatives for a few days. He is the son of Mr. and Mrs. Jim Fancher.

The Senior B. Y. P. U. of the McCauley Baptist Church gave a program at the Spring Creek Baptist Church Sunday evening.

Mr. and Mrs. W. B. Herndon and daughter, Mrs. Edwin Cook, and little son, Edwin Jr., and Mrs. Hendon's mother, Mrs. Belton, all of Austin, visited the Lee Herndons and the Mrs. Alice Hopkins family from Friday to Monday. Bernice Herndon returned to Austin with them for a visit.

Lena Faulkenberry, who is employed in Montgomery Ward's wholesale house in Fort Worth, accompanied by a cousin, Miss Faulkenberry, visited her parents, Mr. and Mrs. Ira Faulkenberry, and other relatives over the week end. Agnes Faulkenberry from Roby also visited with her parents, the Ira Faulkenberrys, Sunday.

Mr. and Mrs. W. W. Faulkenberry, former residents of McCauley, but who have been living in California for the past two years, have returned to Texas, and for the past two years, have returned to Texas, and for the past few days have visiting relatives here this week, accompanied from Abilene by their grandchildren, little son and daughter of the Lester Harris. The many friends of Mr. and Mrs. Faulkenberry hope they may again make their home here, where they own their residence, now occupied by Mr. and Mrs. Burly Bunkley.

Mr. Algine Johnson of Fort Worth, visited with his father and other relatives, the J. M. Johnson families and the Virgil Steele families. Mrs. Johnson is a sister to Virgil Steele.

Orvis Hunter and family, of Dallas, visited his brothers, Melvin and Joe Hunter, and his sisters, Misses Ruth and Odessa Hunter, over the week end.

Mr. and Mrs. J. R. Middleton and daughter, Oueda, of Lubbock, visited the Webb and Kemp families, their relatives, last week. Frazier

Jones County Farm News

BY FLOYD LYNCH

Ten 4-H Club boys are making preparations to leave for the Farmers Short Course at A. & M. College, July 6, 7 and 8.

These boys represent the various clubs of the county and are as follows:

Buddy Burleson, Stamford, Rt. 2; Joe Davis, Box 729, Stamford; Melvin Burton, Rt. 1, Abilene; Ralph

Kemp, son of Mr. and Mrs. B. F. Kemp, and his wife of Ardmore, Okla., visited his parents and other relatives last week. Mr. and Mrs. George Bond, and daughter, Ina Lee, of Lubbock, visited the C. A. Webb family over the week end.

Mrs. R. O. Carnes, of Slaton, is visiting her brother, John P. Hardesty, and Mrs. Hardesty, for a few days.

Mr. and Mrs. B. F. Short spent the holidays at Gorman with relatives and old friends.

The quarterly meeting of Fisher County Association auxiliary will hold its meeting at McCauley Baptist Church, Tuesday, July 12. Program begins at 10 A. M. Representatives and speakers from all the churches are expected to participate in the long program. Covered dish lunch will be served at noon.

Mr. and Mrs. Alvis Mayo, and little daughter, Jo Ann, of Big Spring, spent Sunday and Monday with their parents and grandparents, Mr. and Mrs. W. B. Mayo, of McCauley, and Mr. and Mrs. Mitt Tidwell of Hamlin.

Joe Hardesty and E. P. Anderson and his little daughter, Ann Ruth, of Lamesa, visited with the Hardestys this week. Mr. Anderson is a nephew of the Hardestys.

McCAULEY BASE BALL RESULTS

A large crowd witnessed the double header at the Hamlin City Park Saturday. Wise Chapel defeated Hitson by a score of seven to three, and the McCauley Red Caps came from behind and beat out the Royston club nine to seven. McCauley has not been defeated in the Hamlin park this year (knock on wood).

In one of the best games seen in this part of Texas this year at Trent Sunday, the Trent Oilers nosed out McCauley in an eleven inning game by a score of six and seven. Trent seems to have a one score jinx on the Red Caps, the two teams having met in a four game series, and Trent taking three games by one score. Jack Perryman pitching for McCauley and Miers catching the full eleven innings, while Trent used Ox Jones and T. Jones in the box, and another one of the Jones boys catching.

Next Sunday at McCauley, the Double Mountain Hillbillies meet the Red Caps and from all indications, this should prove to be a real ball game.

Royston and Hitson play another league game at the Hamlin park next Saturday.

Caffey, Anson, Rt. 1; Douglas Lovvorn, Stamford, Rt. 3; W. G. Pritchett, Stamford, Rt. 3; Dale King, Stamford, Rt. 3; Glen Tarpley, Merkel, Rt. 2; Weldon Barbee, Merkel, Rt. 2; D. C. Rister, Hawley, Rt. 1.

The organizations listed below have given scholarships to help defray the expenses of the boys:

Farmers & Merchants National Bank, Hamlin; Board of City Development, Stamford; Exchange Club, Stamford; Rotary Club, Stamford; Rotary Club, Hamlin; Chamber of Commerce, Anson.

FEEDING BEEF CALVES

Seventeen 4-H Club boys are feeding beef calves. These boys are as follows: Glendell Barbee, Weldon Barbee, Glen Morgan and Glyn Tarpley of Noodle-Horn Club; Erwin Blackley and Ralph Caffey of the Pleasant Hill Club; Buddy Burleson and Herman Alford Probst of the Plainview Club; Wallace Edge, Douglas Lovvorn, Shappard McLeMores, Horace Lee Prewitt, Rex Prewitt and Jack Young of the Stamford Club.

These calves reflect good breeding and are very good individuals. They will be shown at the county fair, in the spring.

These calves were purchased from the following: Jim Boaz of Merkel, Bill Brown of Merkel; Geo. Williamson, Anson; Jet Milsap, Anson; J. E. Manly, Abilene, Rt. 1; Johnson Ranch, Snyder; B. A. Elliott, Moran; Mrs. J. K. Kennedy, Anson; W. G. Swenson, Stamford; and Willie Joe Largent, Merkel.

W. H. Hall and wife and mother returned from Monterrey, Mexico, Tuesday after a nine day stay. They seem to have had a great time in the land of the Aztecs.

Miss Aurelia Proffitt, a Hamlin girl, who has been with the S. W. Bell Telephone Co. at Midland, has been transferred to the Abilene office.

Mrs. Fadella Stewart and little daughter of Brownfield are at the home of her uncle, Mr. and Mrs. L. C. Dixon near Radium for a visit of several weeks.

Miss Helen Holmes of Fort Worth came up last Saturday to spend the week with her aunt, Mrs. Joe McCrary.

Mrs. J. C. Nash of Leona, Texas, spent the past week here with her parents, Mr. and Mrs. Walter Abbott and other relatives.

Mrs. M. Y. Wilson and son, Stanley, returned Sunday from Hollis, Oklahoma where they had spent a week visiting her son, Jack Wilson and his wife. Mr. and Mrs. Wilson accompanied them home and visited here until Tuesday of this week.

Mr. and Mrs. L. C. Thurman and mother, Mrs. W. E. Harvey, of Seymour came down Saturday for a holiday visit with Mr. and Mrs. O. G. Harvey.

Albert Davis and family of Waco came up to spend the holiday with his brother, E. C. Davis and family, of the Flat Top community.

Down in Mexico somewhere W. H. Hall is or has been having a good time. The Herald had a card from Monterrey dated June 30.

W. L. Cash and wife of Christoval are here for several weeks, maybe for the summer. Mr. Cash has considerable property here and for 41 years he has been railroading.

Mr. and Mrs. Jack Mathis, of Crane, Texas, were here a short while Sunday, just passing, to shake hands with old friends.

The Herald welcomes visitors anytime, and sometimes we have neighbors come in whom we have never met. That was true this Thursday when Mrs. R. O. Proctor came in. We must confess we had never met the lady and noting the familiar face of R. O. with her we asked him "who is the good looking woman you are going around with." He says "My wife." So you see if a fellow does not watch out his close friends may think he has no wife. Come again folks.

Mr. and Mrs. Robert May and little son, of Colorado, were here Thursday to visit his parents, Mr. and Mrs. M. P. May.

BEHIND THE SCENES IN AMERICAN BUSINESS

BY JOHN CRADDOCK

NEW YORK, June 20 — BUSINESS—American businessmen were surprised to learn last week that the present depression is more severe in the United States than in any other country, according to a report by the Federal Reserve Board. The Board pointed out, however, that manufacture of war materials in foreign countries, particularly England, Germany and Japan, is mainly responsible for keeping many factories humming. In America, factory employment is still well above normal in ten industries, farm implements, iron and steel wirework, cash registers, engines and turbines, machine tools, aircraft, women's clothing, baking, beverages and rayon. It is significant that of these 10 all but the aircraft industry are manufacturing essentially peace-time goods. Perhaps America will be enjoying prosperity when other countries are busy paying for their armaments.

WASHINGTON—Although it had made total appropriations of close to \$12,000,000,000 during its 163 day

session, the 75th Congress ended last week with a bitter Senate debate in the final hour over whether the Lobbying Investigating Committee should receive an additional \$12,500 to carry on its work. The total appropriations are a peace-time record, equal to approximately \$50,000 for each minute Congress was in session or to \$92 for each man, woman and child in the country.

HEADLINES—Hollywood in year starting July 1 will spend \$150,000,000 to produce 638 feature pictures, 15 serials, and 178 shorts. . . Three Washington, D. C., department stores have advertised in a certain newspaper every day without exception for 50 years. . . Average retail price of women's all-silk hosiery has dropped from \$1.51 a pair for period 1923-28 to 91 cents a pair for period 1923-28. . . Hidden taxes on a quart of whiskey range from 76 cents to \$1.05. . . A major league ball player's shoes cost \$22 a pair and last only one season. . . \$350,000,000, or \$2.70 per capita, is bet annually in pari-mutuel machines at race tracks. . . Shipyards are twice as busy now as they were a year ago. . . Two thirds of current aeronautical production in America is for military equipment, almost half is for export.
